E-Governance: Process & Fact

Dr. Gutte Santosh
HOD
Dept. Of Public
Administraion

Introduction

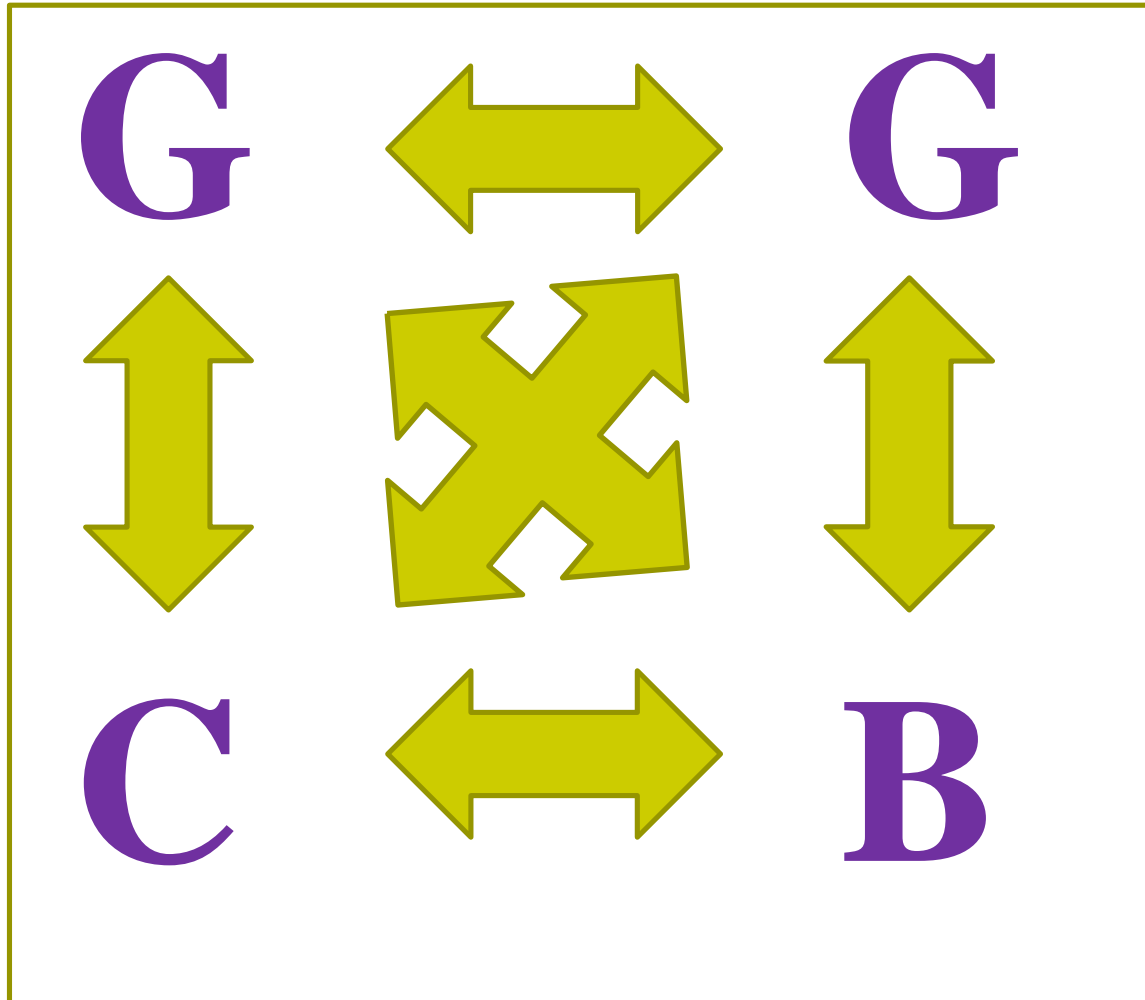

- **Governance is a continuous process which doesn't improve with time automatically. It is like a plant which needs continuous care and attention. People in democracy always strive for good governance.**
- **E-governance is a tool of Good Governance**

Concept of E-governance

“E-governance as the use of information technologies (IT’s) by the government agencies.”

Process of E-Governance

G- Government

C- Citizen

B- Business

Scope of E-Governance
